OBJECTIVES

EnSoEd is aimed at supporting the initial and continuous professional development of teachers' profiles in accordance with the European lifelong learning approach through the application of practical and innovative tools in order to promote social entrepreneurship education in secondary schools. The project identifies needs & gaps related to social entrepreneurship education and in particular:

Need to an approach that provides innovative resources and collaborative practices

Lack of an open, inclusive and community-based approach that considers social entrepreneurship education to be effective only if taught into, and for the community

Necessity of promoting and developing digital learning environment

RESULTS

Key competences in social entrepreneurship: a set of competences for future social entrepreneurs.

Training Curriculum for teachers: learning activities to train secondary school teachers about social entrepreneurship education.

Toolkit for social entrepreneurs: a serie of learning tools to drive students through social entrepreneurship.

Online learning environment: an online space with materials and resources.

TARGET GROUP

- Secondary school teachers
- Secondary school students
- Teachers' training organizations
- VET providers
- Training Centers

KEY FEATURES

OPEN BADGES

A system of visual verified evidence of each social entrepreneurial competence will be designed in order to facilitate technological integration of social entrepreneurship education within secondary school programmes.
