

INNOVATIVE TEACHER TRAINING IN SOCIAL ENTREPRENEURSHIP

ABOUT THE PROJECT

EnSoEd is aimed at supporting the initial and continuous professional development of teachers' profiles in accordance with the European lifelong learning approach through the application of practical and innovative tools in order to promote social entrepreneurship education in secondary schools.

TARGET GROUPS

Direct target group: Secondary school teachers
Indirect target group: Secondary school students

We proudly present the EnSoEd Training Programme

The EnSoEd training programme is the second intellectual output of the EnSoEd project. It was developed in order to provide secondary school teachers the opportunity to **strengthen their entrepreneurship teaching skills**. The training programme has been based on extensive research, in order to be in line with the **actual needs and challenges** related to the integration of social entrepreneurship education in school, as a transversal competence.

The EnSoEd training programme consists of

- a training curriculum
- the FabLab
- virtual trips
- an open badge reward system

Target Audience

The EnSoEd training programme is aimed at **secondary school teachers** regardless of

- their teaching subject ●
- their career stage ●
- their entrepreneurial knowledge ●

The Curriculum

The training curriculum introduces social entrepreneurship **basics** and **theories** at secondary school level. It aims **encourage** young students to understand what social economy is and gain a **initial practical experience** on how a social enterprise works.
